FOREWORD

The great gains of the democratic era underscore an improving education system determined to ensure quality in basic education, enhance teaching and learning standards and carefully measure progress over time. The cornerstone of this determination has been an unwavering goal to benefit the children of South Africa with knowledge and skills that translate into economic freedom within a democratically transformed society, so that they can respond to the modern challenges of the Fourth Industrial Revolution. Hence, the Government of the Republic of South Africa regards the provision of quality, basic education that is, free of discrimination, as its apex priority. This is advanced by clearly articulated milestones in the *National Development Plan (NDP) Vision 2030: Our future – Make it work*. There is a clear mandate from the NDP for the education department to direct that the standards of education provision, delivery and performance of learners be monitored and evaluated annually, or at other specified intervals, with the object of assessing progress in compliance with the provisions of the Constitution and with national education policy. In this regard, the outcome of the National Senior Certificate (NSC) has since its introduction in 2008, been regarded as key indicator of the system's progress.

I am honoured to release the 2017 National Senior Certificate (NSC) School Performance Report which reflects the achievement of schools offering Grade 12 over a 3-year period. Six thousand, eight hundred and five (6805) centres participated in the 2017 NSC examination and the majority of these examination centres are public schools.

The improved 2017 NSC result is a celebration of the concerted and collective efforts of the key educational component of learner, teacher and system, working as a coherent sector. It is highly welcomed, though not unexpected, that a significant number of schools in provinces within traditional, rural communities improved their results. The 2017 results provide further evidence that the intensive support provided to low under performing provinces in 2016 have borne fruit. This is a testament that Government's pro-poor policies are working. We continue to see significant gains in the margins of improvement among quintile 1 to 3 schools which points towards an average annual increase in black African high-level achievers since 2008. Many of these learners come from historically disadvantaged schools. Notwithstanding the systemic gains of the NSC, we remain concerned that in predominantly urban provinces, the gains in our top-end schools are below expectations.

In 2017, high quality systems and processes in provinces ensured that stipulated preconditions were stringently met by all schools and that candidate data was tracked and monitored throughout the year. By tracking progress against the three indicators directly linked to the promotion of excellence and scarce skills in Grade 12 examinations in Action Plan to 2019: *Towards the realization of Schooling 2030,* I remain encouraged by the continued increase in the number of Grade 12 learners qualifying for Bachelor level passes each year and remain confident that these increases will make it possible for the sector to achieve the target of 75% of youths obtaining an NSC from a school by 2029.

I appreciate and acknowledge the hard work, sacrifice and sheer effort made by our teachers, learners, parents, guardians, school managers, district and provincial officials and wider school communities who heeded our call to support the sector's commitment to improve the quality of teaching and learning and learner attainment.

In 2017 there was increased investment in the sector to harness the participation of school communities in the strategic interventions that were driven by the 2017 NSLA that aimed to align the key national and provincial interventions, and to add value to teaching and learning in our schooling sector. As in 2016, targeted and focused interventions to improve learner performance in eleven (11) high enrolment subjects were implemented across all nine provinces in 2017. These were focused on underachieving schools, schools with more than 100 learners in high risk subjects, schools with novice Grade 12 teachers, and schools with high numbers of progressed learners. There were also targeted interventions for high achievers to enhance the quality of their performances in the final examinations. Provinces and districts intensified monitoring of the differentiated subject interventions throughout the year to ensure optimal participation, and quality of input over adequate timeframes, to enable accountability among all stakeholders responsible for operationalizing the 2017 NSLA. Consequently, four hundred and ninety seven (497) schools obtained a 100% pass rate, two thousand nine hundred and fifty nine (2959) schools obtained between 80—100% and 2083 achieved between 60 and 79.9%. However, the 597 schools that did not achieve the targets set in 2017 will be supported to identify the barriers to attaining these targets and to set new milestones in the academic year that lies ahead.

MRS AM MOTSHEKGA, MP
MINISTER OF BASIC EDUCATION
04 JANUARY 2018

1. INTRODUCTION

The overall results of the 6805 schools that participated in the 2017 NSC examination in the country are packaged into a national report which allows school managers and all officials based either at the national, provincial and district levels, that are responsible for the effective management of schools to analyse the learner performance data presented. The school level data can be located within each of the 70 districts and represents the number of candidates who wrote the examination and the number that obtained the NSC this year. Every school community is encouraged to engage actively with the data so that each is able to reflect on their performance in the 2017 NSC examination and evaluate it against previous years' to gauge progress made and to consider enhancements that can be phased in to achieve concrete and measurable improvements in the new academic year. In addition, schools that are in the same quintile can also compare their historic performance to that of other schools in the same quintile over the last three years to establish if the inputs made by the education system have translated into better performance and a motivated school community.

This Schools Performance Report should be read together with the following three complementary reports on the 2017 National Senior Certificate published by the Department of Basic Education:

a) The 2017 National Senior Certificate Examination Report;

b) National Subject Report which provides the results of selected subjects, per individual school, and

c) National Diagnostic Report which analyses learner-performance in the gateway subjects, and the 11 Home Languages and identifies areas of poor performance and recommends appropriate remedial measures in each of the subjects.

Together, these four reports provide an overall evaluation of learner, subject, and schools' performances in the 2017 NSC.

2. SCOPE OF THE SCHOOL PERFORMANCE REPORT

This report presents data on the performance of all schools that wrote the 2017 NSC Examination, including public schools, special and independent schools. It also provides data on the overall performance of all these schools over a three-year period so that a school is able to measure and track its performance over the last three years.

2017 marks the fourth year of a CAPS-aligned NSC Examination, which means that schools can compare their historic performance in a stabilising curriculum and assessment policy framework. This will help them to establish if they too have reached stability in terms of effective implementation of the intended curriculum.

This report details the number of candidates that wrote the examination, the number of candidates that achieved the NSC and the pass percentage in every school, over the last three years. It also provides a list of schools that obtained 100% and those that obtained below 40% over a period of five years respectively.
