NSC 2018

FOREWORD

SCHOOL PERFORMANCE REPORT

Advancing the potential of education

The Education Ministry has made the point on different platforms that improving education systems is not a sprint but rather a marathon and we have been steadily and consistently improving in the key performance areas of our basic education system by focusing on principles of Access, Redress, Equity, Efficiency, and Quality. The performance of the Class of 2018 in their National Senior Certificate examination is a rally of further evidence of improved achievement and upward trajectory of a rising system.

The NSC after 12 years of schooling provides an important barometer to evaluate progress made by the South African Government in improving the quality of teaching and learning outcomes.

The focus for the Sector since 2009 has been on teacher, text and time as crucial levers for providing quality education. Over the last 5 years, the tracking of learning outcomes has pointed towards critical systemic gains relating to access, redress, equity, efficiency and quality, as well as anchor interventions, progress and achievements. Evidence of improved learning outcomes was observed through critical gains in learner achievement below Grade 12, in three international benchmark studies (SEACMEQ, TIMSS and PIRLS) that referenced the skills of South African learners on achievement norms in Mathematics, Science and Reading Comprehension. The incredible gains observed in the TIMSS 2015 and SEACMEQ IV study (which were the largest among participating countries) arose out of deliberate efforts to uplift learning outcomes through targeted strategies such as the Annual National Assessments, provision of workbooks for every learner in quintile 1-3 schools and a rapid

improvement in the infrastructure of schools through the ASIDI project. These efforts provided an expansion of high quality learning opportunities, especially to the disadvantaged.

To further support the class of 2018, we brought about stability in curriculum implementation, which has led to a sustained improvement of the teaching and learning outcomes, and strengthened our National Curriculum Statements through the introduction of the Curriculum Assessment Policy Statements (CAPS), which is viewed as one of the best in the world.

In 2018, we saw a total of 624 733 learners participating in the 2018 NSC examinations. A total of 147 Grade 12 papers were set. The NSC examination is the culmination of a number of efforts by the department to get the system functioning optimally, and delivering quality basic education to all learners. The critical role played by provincial education departments and district education offices cannot be overlooked in a system that pulls together to afford learners the best opportunity to succeed as they exit the schooling system.

The improved NSC result by 3.1 percentage points from 75.1% in 2017 to 78.2% in 2018 is a celebration of concerted and collective efforts of the educational hierarchy of learner, teacher and system, working as a coherent sector. Four provinces achieved above 80%. It was highly welcomed, though not unexpected, that a significant number of schools in provinces with traditional rural locations improved their results. The improvement margin of 5.6% points in Eastern Cape and 4.1% points in Mpumalanga is remarkable. Although Gauteng had a notable improvement of 2.8% points and achieved the highest ranking, the improvement margins of rural provinces outweighed those of urban provinces.

As in 2017, we continue to see significant gains in the margins of improvement among quintiles 1 to 3 schools which point towards an average annual increase in black African high-level achievers since 2008. Many of these learners come from historically disadvantaged schools.

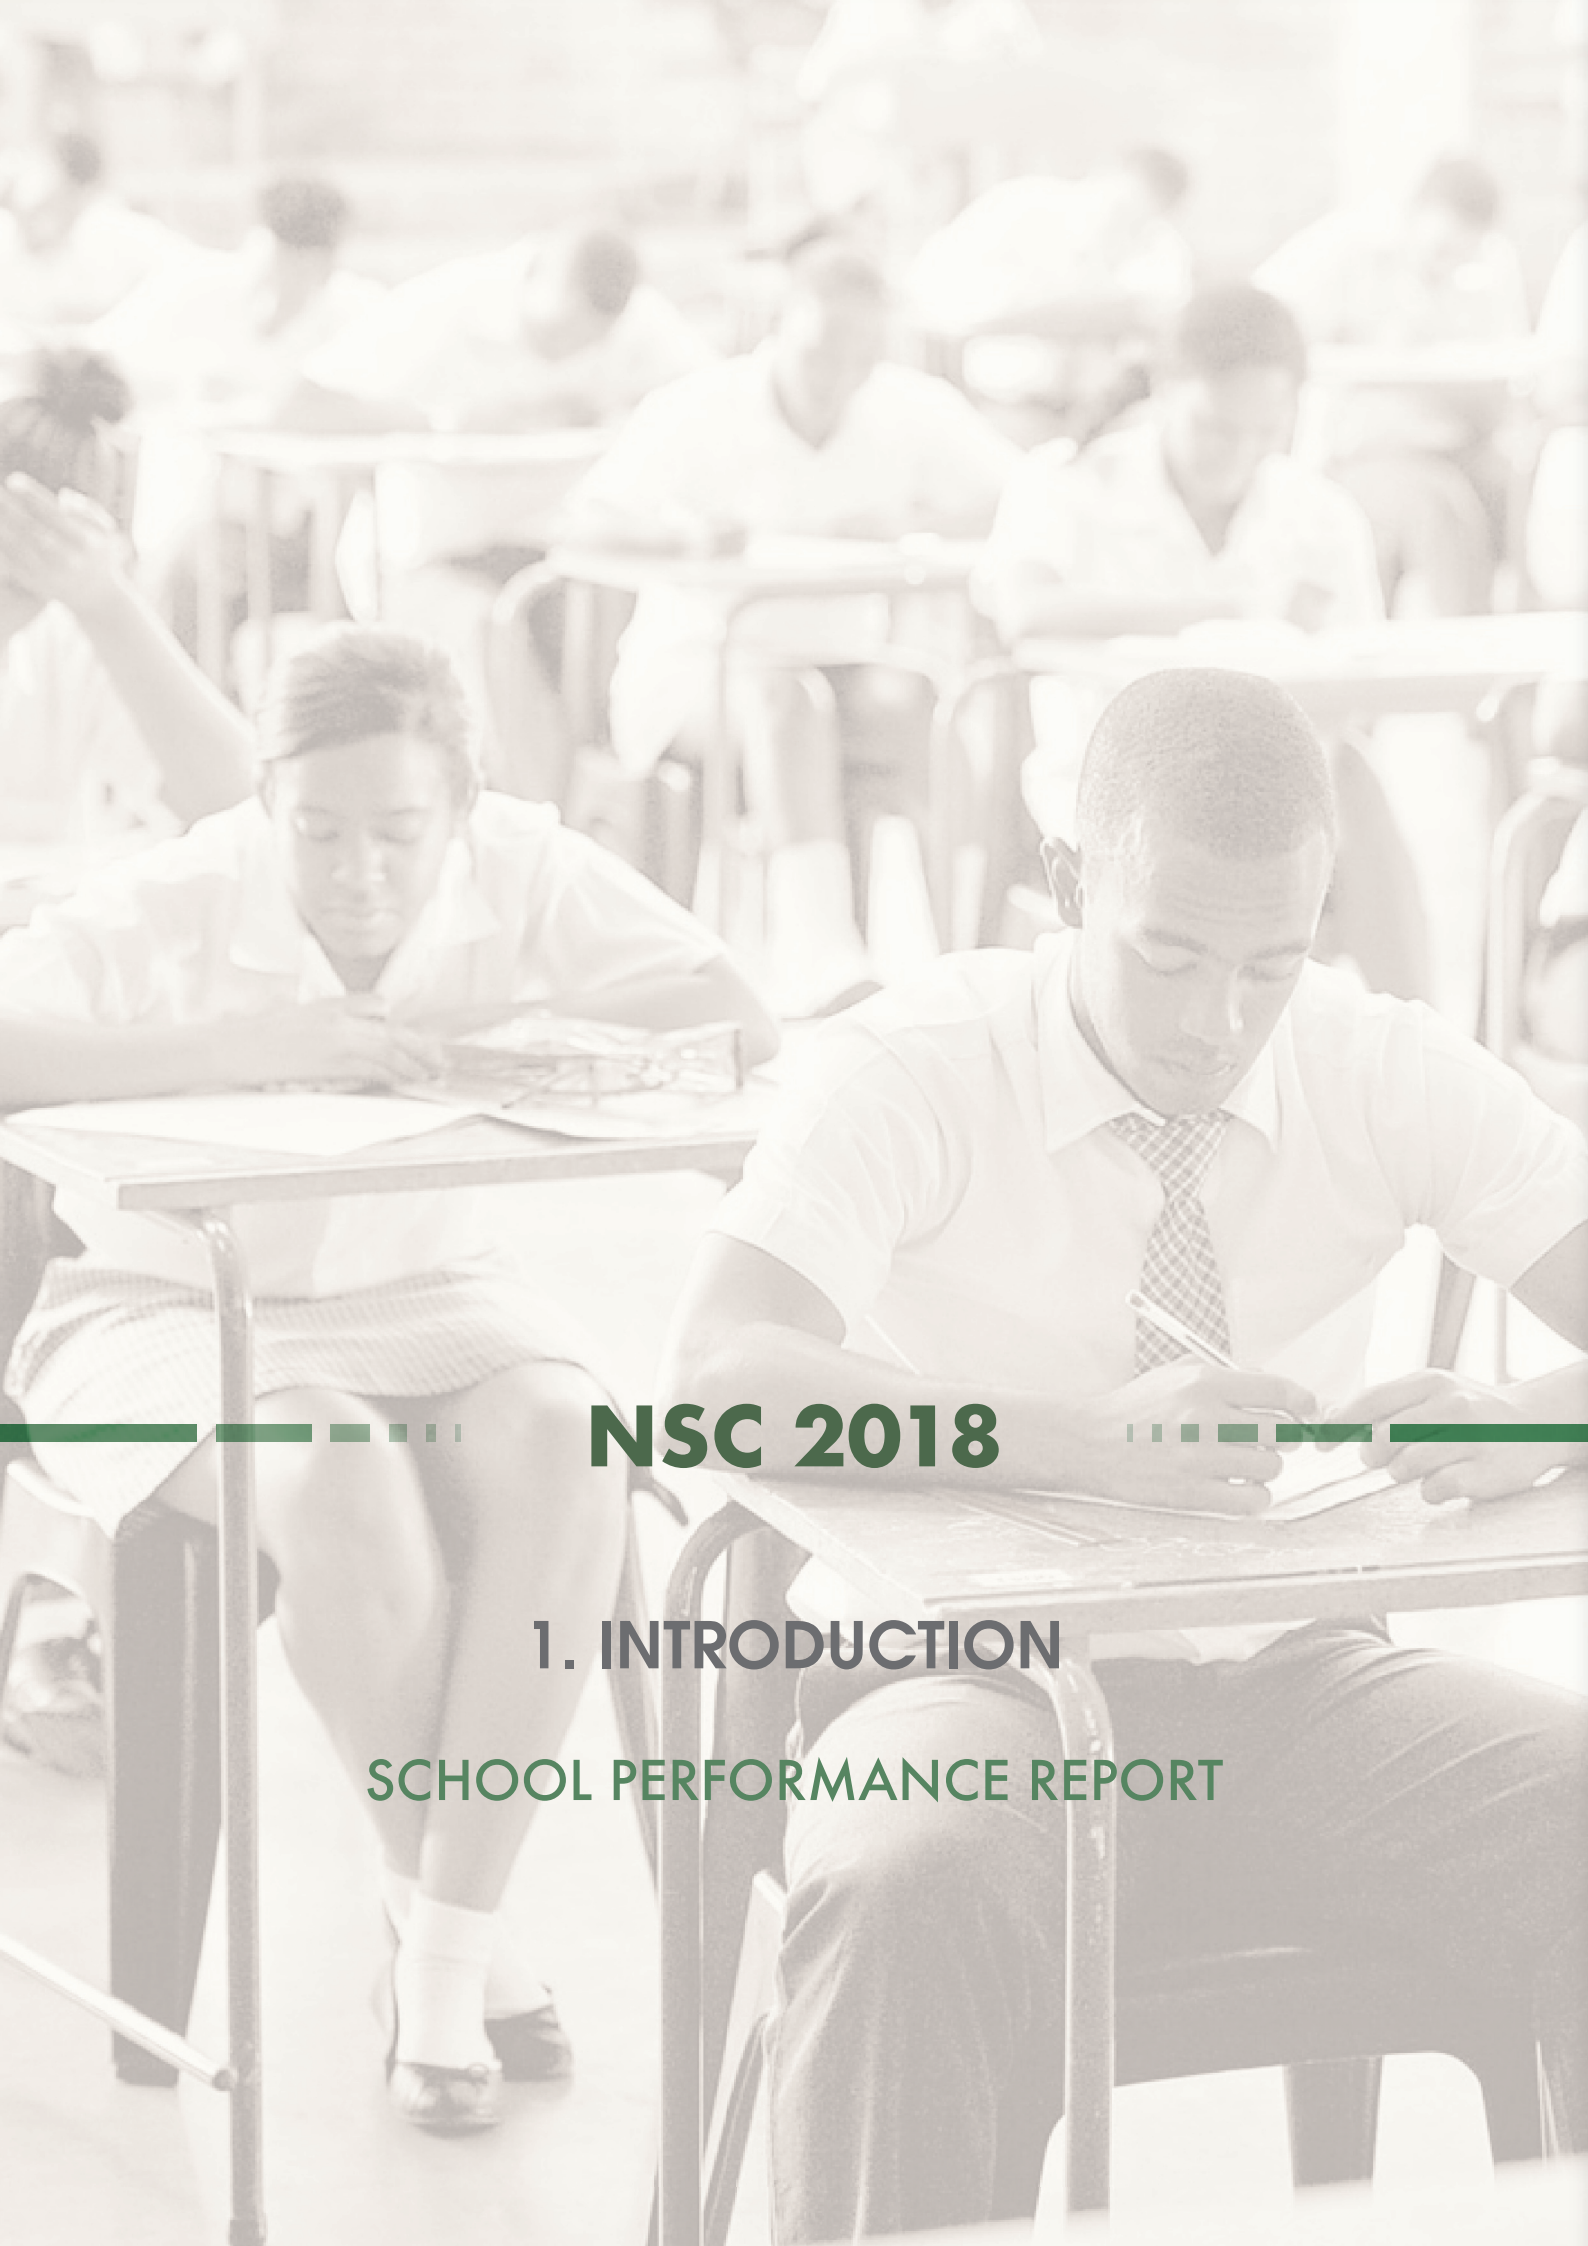
The 2018 results provide further evidence that the intensive support provided to low performing provinces in 2017 have borne fruit and is a testament that Government's pro-poor policies to the most disadvantaged are working and sustainable. In 1994, the achievement rate was 58% and over the last 25 years, the achievement rate has improved by 20.2% points. The achievement rate has consistently remained above 70% for the past eight years. The class of 2018 should be commended for their contribution towards a continued rise in the system performance. Overall, a reconciliation of the international assessment and the NSC results indicates that at key levels of the system, there are encouraging gains that can be built on to strengthen an upward momentum going into 2019.

Congratulations to the Class of 2018, and more especially the principals and teachers who committed their time and efforts to ensure that the Class of 2018 realise their dreams and achieve personal success as they emerge as the future leaders of our country.

The Provincial Departments of Education have set targets for each of the schools for the Class of 2019 to aim towards. I call upon all of you to help us maintain the upward trajectory in the system, one school at a time.

I therefore invite all education stakeholders to view the results in the School Performance Report with a sense of ownership and involvement and to support the projects, programmes and efforts of the Department in our mission to deliver and assure quality basic education to all learners.

MRS AM MOTSHEKGA, MP
MINISTER OF BASIC EDUCATION
03 JANUARY 2019



NSC 2018

1. INTRODUCTION

SCHOOL PERFORMANCE REPORT

The overall results of the 6 888 schools/ examination centers that participated in the 2018 NSC examination in the country are packaged into a national report which allows school managers and all officials based either at the national, provincial or district levels, that are responsible for the effective management of schools to analyse the learner performance data presented. The school level data can be located within each of the 75 districts and represents the number of candidates who wrote the examination and the number that obtained the NSC this year. Every school community is encouraged to engage actively with the data so that each is able to reflect on their performance in the 2018 NSC examination and evaluate it against previous years' to gauge progress made and to consider enhancements and interventions that can be phased into the school programme, in order to achieve concrete and measurable improvements in the new academic year. In addition, schools that are in the same quintile can also compare their historic performance to that of other schools in the same quintile over the last three years to establish if the inputs made by the education system have translated into better performance and a motivated school community. Schools will be able to share best practices and form clusters for mutual benefit.

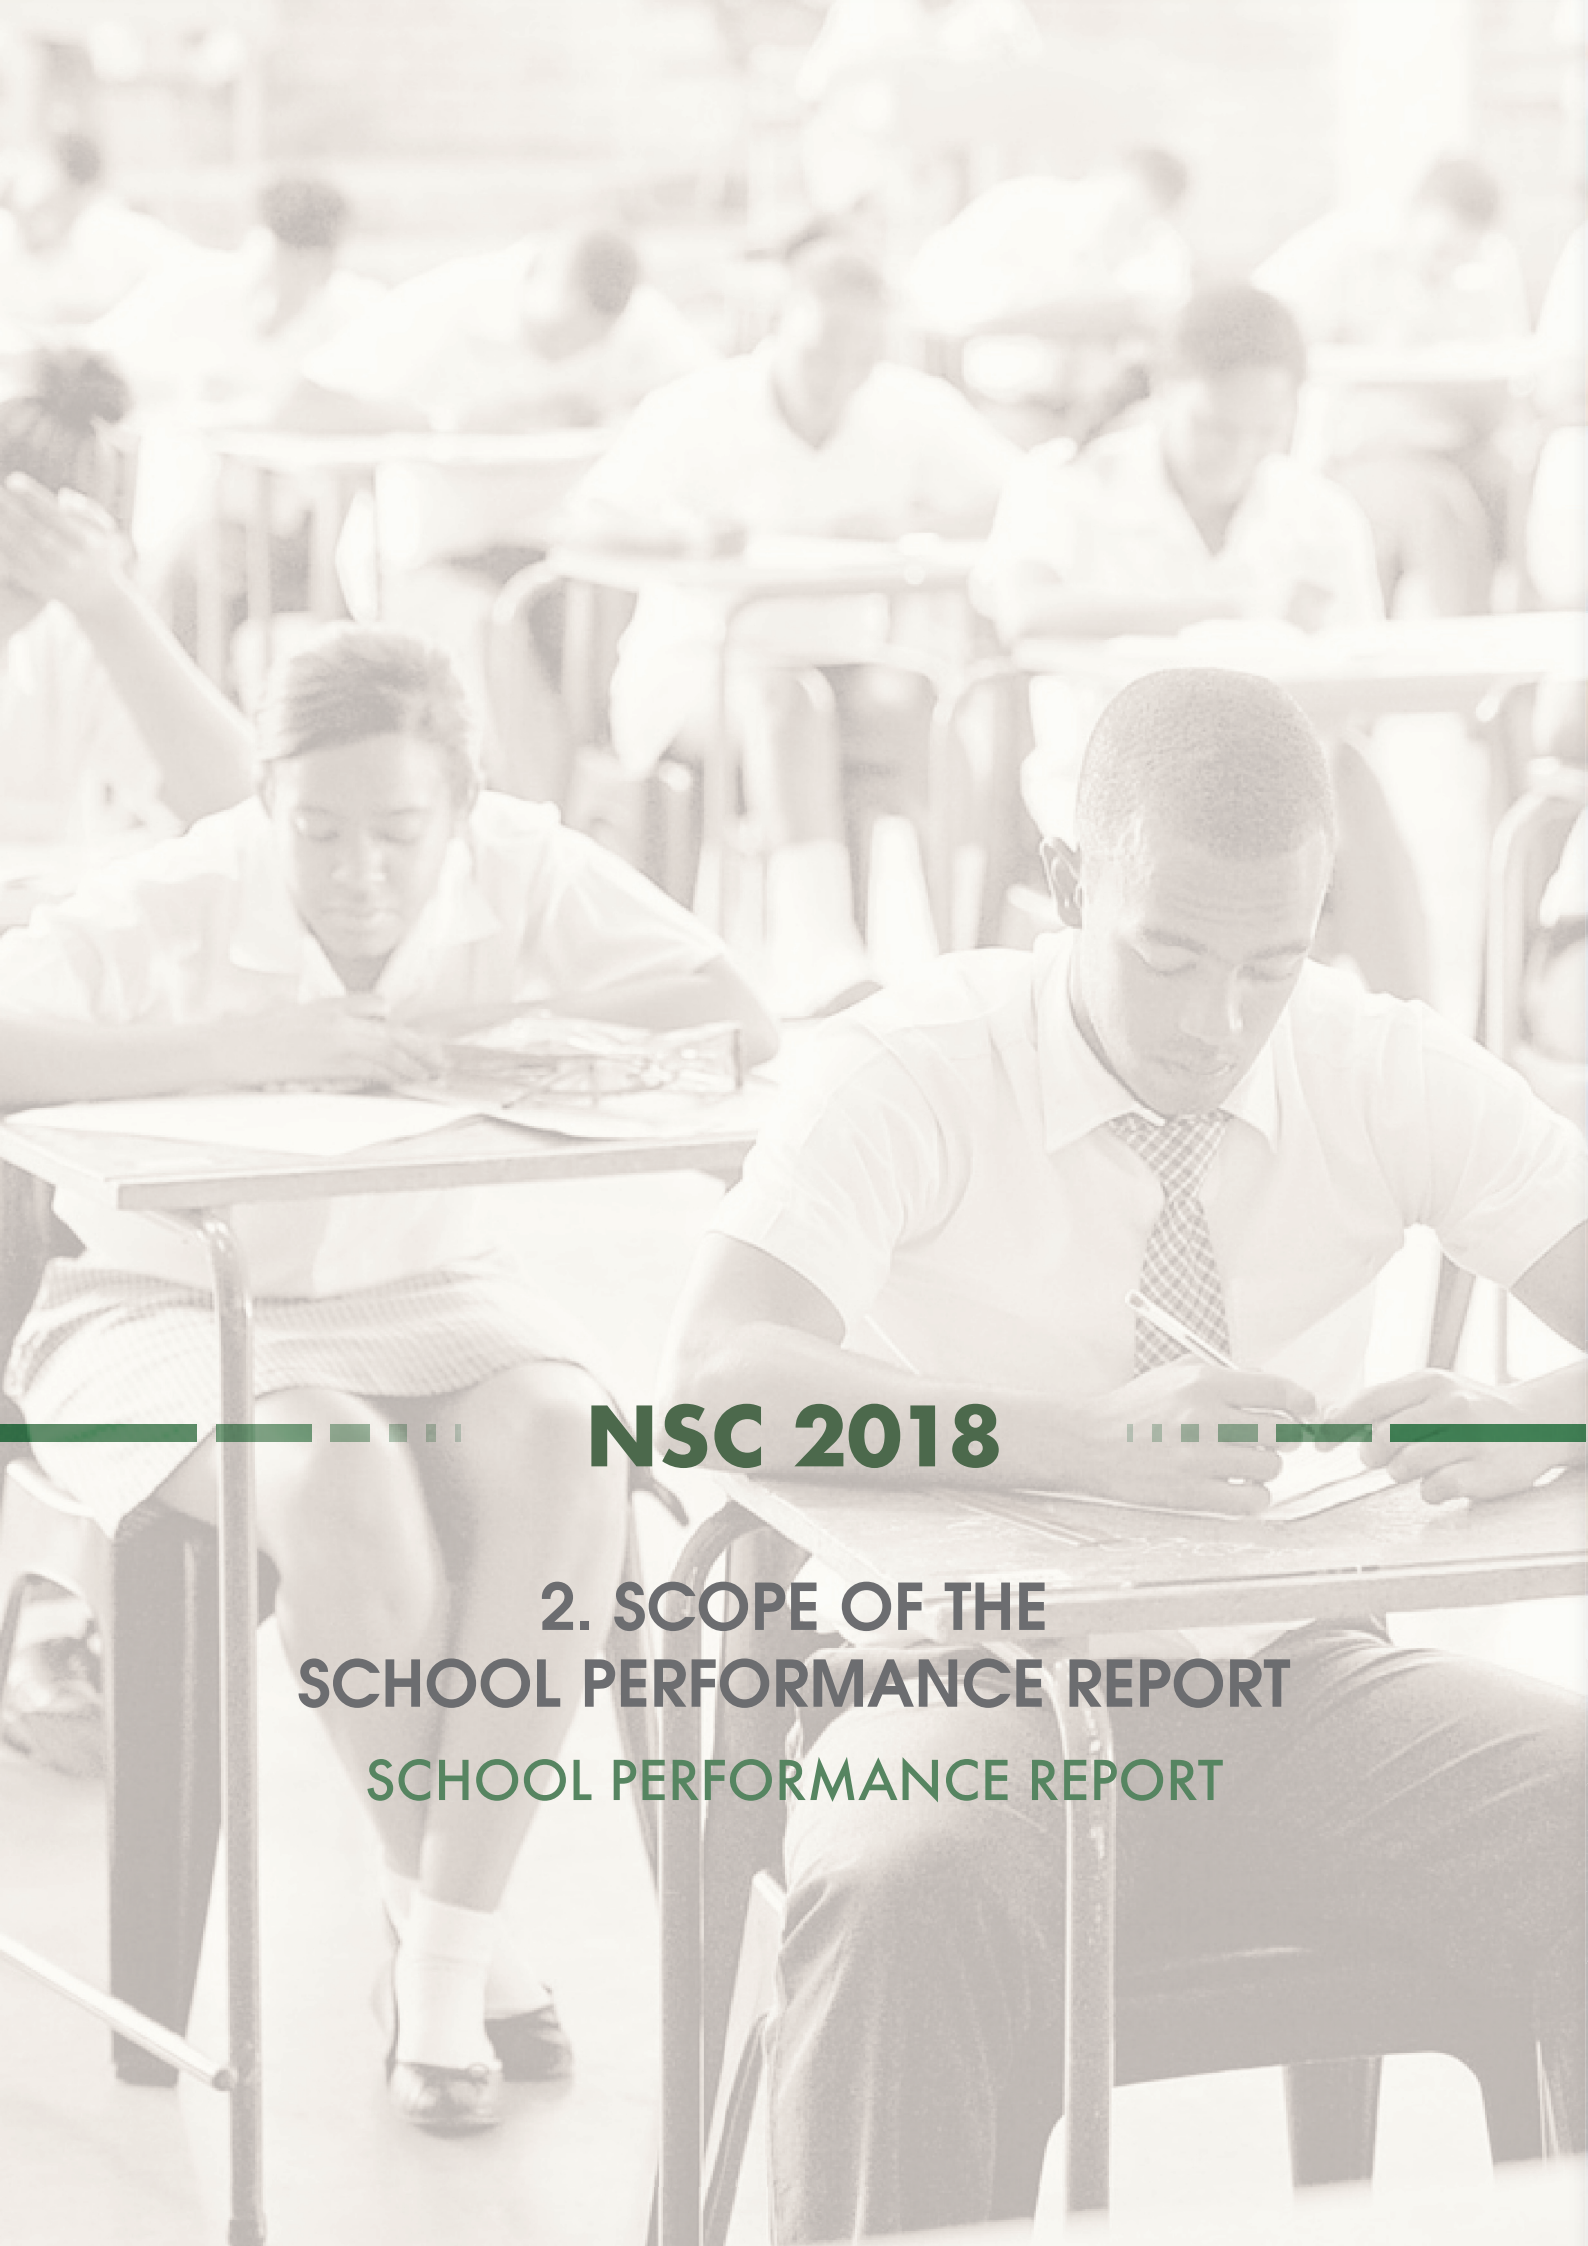
This Schools Performance Report should be read together with the following three complementary reports on the 2018 National Senior Certificate published by the Department of Basic Education:

a) The 2018 National Senior Certificate Examination Report;

b) The 2018 National Subject Report which provides the results of selected subjects, per individual school; and

c) The 2018 National Diagnostic Report which analyses learner-performance in the 11 gateway subjects, and the 11 Home Languages. The report further identifies areas of poor performance and recommends appropriate remedial measures in each of the subjects.

Together, these four reports provide an overall evaluation of learner, subject, and schools' performances in the 2018 NSC.



NSC 2018

2. SCOPE OF THE SCHOOL PERFORMANCE REPORT

SCHOOL PERFORMANCE REPORT

This report presents data on the performance of all schools that wrote the 2018 NSC Examination, including public schools, special schools and independent schools. It also provides data on the overall performance of all these schools over a three-year period so that a school is able to measure and track its performance over the last three years.

2018 marks the fifth year of a CAPS-aligned NSC Examination, which means that schools can compare their historic performance in a stabilising curriculum and assessment policy framework. This will help them to establish if they too have reached stability in terms of effective implementation of the intended curriculum.

This report details the number of candidates that wrote the examination, the number of candidates that achieved the NSC and the pass percentage in every school, over the last three years. It also provides a list of schools that obtained 100% and those that obtained below 40% over a period of five years respectively.
