FOREWORD

One of the barometers to evaluate our success in the South African education landscape, is the National Senior Certificate examination results. Today, our public examination standards are comparable to the best in the world. At the heart of a successful education system, is a credible public examination system built on the foundations and pillars of integrity. It must enjoy respect and be acknowledged as such by higher education institutions, employers and our people. The National Senior Certificate has stood the test of time and after 12 years of teaching and learning, this qualification has intrinsic value for both individuals and society.

The year 2020 will go down in history as one in which we faced unprecedented challenges that affected every facet of human life. The Class of 2020 sat for the National Senior Certificate (NSC) examinations in a year that the world was held to ransom by the Covid-19 pandemic. When this cohort commenced with their exit year of the NSC, no one would have imagined the challenges that they faced.

The pandemic did not derail the Department of Basic Education and Public Examinations from its primary objective to deliver quality education and credible examinations. In 2020, our aim was to rescue the education sector from ruins that this virulent pandemic has caused. We have taken extraordinary measures to combat and manage the spread of the epidemic in our sector. We adopted a staggered approach for the re-opening of schools to avoid congestion and observe the novel social distancing. Our strategy to rescue the 2020 academic year is predicated on curriculum trimming for all grades, except Grade 12. The full curriculum coverage for Grade 12s aims to ensure that the exit qualification of the Class of 2020 enjoys the same status as the previous cohorts.

The Class of 2020 was offered targeted support aimed at ensuring that all learners receive maximum opportunities to succeed. Against the background of the extended lockdown and the challenges posed by the pandemic, the 2020 learner support programmes encompassed a broad collection of educational strategies, including supplementary materials, vacation classes (during autumn, winter and spring vacations), after-school classes, teacher content, pedagogical and assessment support, mobilising volunteer tutors, as well as alternative and differentiated ways of grouping and teaching learners. Schools also provided learner support programmes to address specific performance results or trends. NGOs, corporates, institutions of higher learning, community groups, and volunteer-based learning programmes, often worked in partnership with schools and provided highly valuable support to our learners – for that we remain grateful. Radio stations and television channels contributed immensely to the readiness of the Class of 2020 for the NSC examinations.

A total of 607 226 full-time candidates sat for the 2020 NSC examinations. Although the Class of 2020 did not attain a better pass rate than the Class of 2019, it must be acknowledged that in spite of a very difficult year, this cohort exceeded expectations. If the achievements of different cohorts over the past decade are considered, it is evident

that the standard and quality of the public examinations system is stabilising. The proficiency of our education system is confirmed by the fact that the achievements in gateway subjects have been on par over the past five years.

The approval of the 2020 NSC examinations was preceded by rigorous verification of all examination processes. In spite of the challenges posed by the pandemic and many countries having postponed public examinations, the DBE forged ahead and offered quality high-stakes examinations. The Class of 2020 persevered to ensure that they attain the National Senior Certificate that serves as a gateway to a career, entrepreneurial opportunities or further studies. We celebrate the achievements of the Class of 2020!

The objective of the schooling system is to ensure that every learner attains a National Senior Certificate. Therefore, learners who do not meet the requirements of the NSC in their first attempt, are offered a second opportunity in the June examinations. The Department has also established a Second Chance Programme, which offers support to learners that would require to sit for either the June examinations or the following examinations as a part-time candidate.

The offering of quality basic education is not achieved by wishful thinking. The efforts invested into the Class of 2020 culminated in their achievements. I am confident that, in spite of the myriad of challenges posed by the Covid-19 pandemic, the DBE and all its warriors in education, will, through well-designed and effective interventions and support programmes, achieve a positive impact on learner performance in 2021. The Xitsonga saying, 'Dyondzo I xitlhangu xa vutomi' is forever true. Roughly translated, 'Education is the shield of life'. I therefore invite all education stakeholders and the broader South African public to get involved in the DBE's efforts to fight the battle to improve lives and livelihoods through quality basic education.

Mrs AM Motshekga, MP
Minister of Basic Education

1. INTRODUCTION

The overall results of the 6 857 schools/examination centers that participated in the 2020 NSC examination in the country are packaged into a national report which allows school managers and all officials based either at the national, provincial or district levels, that are responsible for the effective management of schools to analyse the learner performance data presented.

The school level data can be located within each of the 75 districts and represents the number of candidates who wrote the examination and the number that obtained the NSC this year. Every school community is encouraged to engage actively with the data so that each is able to reflect on their performance in the 2019 NSC examination and evaluate it against previous years' to gauge progress made and to consider enhancements and interventions that can be phased into the school programme, in order to achieve concrete and measurable improvements in the new academic year. In addition, schools that are in the same quintile

can also compare their historic performance to that of other schools in the same quintile over the last three years to establish if the inputs made by the education system have translated into better performance and a motivated school community. Schools will be able to share best practices and form clusters for mutual benefit.

This report should be read in conjunction with the following complementary reports on the 2020 National Senior Certificate examination published by the Department of Basic Education:

a) The 2020 National Senior Certificate Examination Report;

b National Schools Subjects Report that presents the performance of each subject over three years; and;

c) The National Diagnostic Reports which provides an analysis learner performance in the 11 Gateway Subjects, the 11 Home Languages and Technical subjects; which identifies areas of poor performance, and recommends appropriate remedial measures in each of the subjects. Together these four reports aims to provide a comprehensive overview of learner, school and subject performance on the 2020 NSC.

2. SCOPE OF THE SCHOOL PERFORMANCE REPORT

This report presents data on the performance of all schools that wrote the 2020 NSC Examination, including public schools, special schools and independent schools. It also provides data on the overall performance of all these schools over a three-year period so that a school is able to measure and track its performance over the last three years.

2020 marks the seventh year of a CAPS-aligned NSC Examination, which means that schools can compare their historic performance in a stabilising curriculum and assessment policy framework. This will help them to establish if they too have reached stability in terms of effective implementation of the intended curriculum.

This report details the number of candidates that wrote the examination, the number of candidates that achieved the NSC and the pass percentage in every school, over the last three years. It also provides a list of schools that obtained 100% and those that obtained below 40% over a period of five years respectively.

3. UTILISATION OF THE SCHOOLS PERFORMANCE REPORT

This report can be used by school managers, subject advisors, curriculum specialists and district planners to do a quick comparative analysis of the overall performance of schools within a circuit, cluster or district.

The data presented in this report enables every school to keep track of their performance over time so that each institution is able to compare their current performance with the previous years' to measure progress made and innovations required in the next school year. Being the third year of the implementation of the NSC examination based on CAPS, schools will be able to track their performance in the last three examinations.

The report would also help Education officials to identify consistently underperforming schools, so as to target their interventions appropriately. Schools that continue to underperform must reflect deeply on how to improve learner outcomes and should consider collaborating with better performing schools so that this shared experience can build a stronger professional schooling community and contribute towards improved performance. Although this report on the overall school performance results may mask the performance of the individual teachers and subjects, the schools' subject report provides detailed performance per subject so that no one escapes the accountability chain.
