# FOREWORD

The Class of 2021 will remember their Grade 12 year as one of challenge and triumph. The challenge was coping with the unknowns of new Covid-19 variants and managing its subsequent effects on learning. The triumph was overcoming learning loss and maintaining high academic discipline. The results of class of 2021 is a triumph for the learners who participated and the society that supported them. The response of the Department with the support of parents and their communities to insulate this class from potential harm and safeguard their right to education's promise of a better future, has borne fruit. In 2021, we celebrate and salute this second cohort who wrote the National Senior Certificate under COVID-19 protocols yet delivered a miraculous achievement of improving performance, enabling a successful gateway to their further studies and the world of work.

In 2021, the Rainbow Nation bade farewell to Archbishop Desmond Tutu. The Arch once stated, 'There comes a point where we need to stop just pulling people out of the river. We need to go upstream and find out why they're falling in'. This echoes the mission of the Department of Basic Education in pursuit of growing better tomorrows by providing quality education today.

This cohort has risen to the call by President Cyril Ramaphosa that we can overcome our challenges as a nation because we are a nation of heroes. The education sector faced numerous challenges in 2021 but as true heroes, our teachers, principals, subject advisors and all officials in the sector displayed an energy, commitment and persistence to rise above the challenges they faced. At the risk of their own welfare, it was heartwarming to witness how teachers reported for duty long before their official working hours, offered additional classes over weekends and school holidays and left no chalk unfinished to offer their relentless support to the Class of 2021. I salute you!

The Quality Assurance Council, Umalusi, approved the 2021 NSC results. It must be noted that the approval was preceded by meticulous verification of all examination processes. South Africa offers a credible public examination system, comparable internationally. The National Senior Certificate has again stood the test of time and after 12 years of teaching and learning, this qualification holds intrinsic value for both individuals and society as a measure of advocated success.

The Class of 2021 had a number of success stories. There was a significant increase in the number of full-time enrolments in 2021 increasing from 610 484 in 2020 to 733 917 in 2021. This difference of 123 487 candidates allays the concern that there would have been a significant dropout of learners in 2020 and 2021, given the COVID-19 pandemic. There were improvements in Mathematics and Physical Science by more than 3 percentage points over their 2020 counterparts; a testament to government's priority of equipping South African learners with relevant skills and knowledge for a changing world. These improved learner performance trends are in keeping with notable improvements patterns observed at the Grade 5 and Grade 9 levels in the Trends in International Mathematics and Science Study (TIMSS) over the last 10 years. Over the last two years, government has emphasised the world of work is changing and the need for entrepreneurial skills is not only desired but necessary for many candidates to become self-sufficient and successful. It is therefore encouraging to note that one of the best performing subjects was Business Studies with more than 80% of candidates achieving a pass score. The overall pass rate in this examination improved from 76.2% to 76.4% and more than a third of candidates who wrote will be able to pursue career interests at a University.

Realizing the rights of persons with disabilities is crucial to fulfilling the core promise of the National Development Plan's Vision 2030: to leave no one behind. In 2021, South African Sign Language Home Language (SASL HL) candidates sat for the fourth SASL HL examinations in the National Senior Certificate Examinations. I am pleased to report that a total of 879 learners with special needs attained admission to Bachelor studies, 636 achieved admission to diploma Studies, and 314 achieved admission to higher certificate studies.

A dynamic education system keeps abreast with the demands of the fourth industrial revolution. In 2021, Marine Sciences was offered for the first time as an examinable subject in the Grade 12 NSC examinations. Various technical vocational specialisations, Technical Mathematics and Technical Sciences were offered for the fourth year since their introduction in 2018. A remarkable improvement in the 2021 NSC results was noted in both Technical Sciences and Technical Mathematics. This bodes well for our recent initiatives on introducing robotics and coding in earlier grades.

The success of the Class of 2021 also bears testament to the ongoing and planned initiatives of the Department to build strong foundations in learning from the early years of schooling, building back basic skills in numeracy and literacy and preparing learners adequately for 21st century skills and competencies. We are committed towards ensuring learning is a successful journey that brings enjoyment and fulfillment from early learning to exit leaving qualifications.

We remain grateful to schools providing extra learner support programmes and to non-governmental organisations, corporates, institutions of higher learning, community groups, and volunteer-based learning programmes, working in partnership with schools in providing highly valuable support to our learners. Stakeholders and partners in education immensely contributed to the readiness and success achieved by the Class of 2021.

Once again, I wish to thank parents, teachers, principals, teacher unions, communities, district and provincial officials, and social partners for carrying the Class of 2021. I believe that our unity will make us find new frontiers of cooperation and innovation. I am confident that by working together yet again, we can support the Class of 2022 in the manner that we supported their predecessors. The magnanimous act of society seeks to fulfill the Freedom Charter's clarion call that: 'The Doors of Learning and Culture Shall be opened!'

**Mrs AM Motshekga, MP**
Minister of Basic Education

# 1. INTRODUCTION

The overall results of the 6 853 schools/examination centers that participated in the 2021 NSC examination in the country are packaged into a national report which allows school managers and all officials based either at the national, provincial or district levels, that are responsible for the effective management of schools to analyse the learner performance data presented.

The school level data can be located within each of the 75 districts and represents the number of candidates who wrote the examination and the number that obtained the NSC this year. Every school community is encouraged to engage actively with the data so that each is able to reflect on their performance in the 2021 NSC examination and evaluate it against previous years' to gauge progress made and to consider enhancements and interventions that can be phased into the school programme, in order to achieve concrete and measurable improvements in the new academic year. In addition, schools that are in the same quintile can also compare their historic performance to that of other schools in the same quintile over the last three years to establish if the inputs made by the education system have translated into better performance and a motivated school community. Schools will be able to share best practices and form clusters for mutual benefit.

This report should be read in conjunction with the following complementary reports on the 2021 National Senior Certificate examination published by the Department of Basic Education:

a) The 2021 National Senior Certificate Examination Report;

b) National Schools Subjects Report that presents the performance of each subject over three years; and;

c) The National Diagnostic Reports which provides an analysis learner performance in the 11 Gateway Subjects, the 11 Home Languages and Technical subjects; which identifies areas of poor performance, and recommends appropriate remedial measures in each of the subjects. Together these four reports aim to provide a comprehensive overview of learner, school and subject performance on the 2021 NSC.

# 2. SCOPE OF THE SCHOOL PERFORMANCE REPORT

This report presents data on the performance of all schools that wrote the 2021 NSC Examination, including public schools, special schools and independent schools. It also provides data on the overall performance of all these schools over a three-year period so that a school is able to measure and track its performance over the last three years.

2021 marks the eighth year of a CAPS-aligned NSC Examination, which means that schools can compare their historic performance in a stabilising curriculum and assessment policy framework. This will help them to establish if they too have reached stability in terms of effective implementation of the intended curriculum.

This report details the number of candidates that wrote the examination, the number of candidates that achieved the NSC and the pass percentage in every school, over the last three years. It also provides a list of schools that obtained 100% and those that obtained below 40% over a period of five years respectively.

# 3. UTILISATION OF THE SCHOOLS PERFORMANCE REPORT

This report can be used by school managers, subject advisors, curriculum specialists and district planners to do a quick comparative analysis of the overall performance of schools within a circuit, cluster or district.

The data presented in this report enables every school to keep track of their performance over time so that each institution is able to compare their current performance with the previous years' to measure progress made and innovations required in the next school year. Being the eighth year of the implementation of the NSC examination based on CAPS, schools will be able to track their performance in the last three examinations.

The report would also help Education officials to identify consistently underperforming schools, so as to target their interventions appropriately. Schools that continue to underperform must reflect deeply on how to improve learner outcomes and should consider collaborating with better performing schools so that this shared experience can build a stronger professional schooling community and contribute towards improved performance. Although this report on the overall school performance results may mask the performance of the individual teachers and subjects, the schools' subject report provides detailed performance per subject so that no one escapes the accountability chain.

# 4. SUMMARY OF SCHOOL PERFORMACE

| PROVINCES | | Total Number of Schools | 0 to 19.9% | 20 to 39.9% | 40 to 59.9% | 60 to 79.9% | 80 to 100% | Exactly 0% | Exactly 100% |
